

# Logging into the dwellingLIVE Gate Access System

Welcome to the gate access system, dwellingLIVE, which allows you to authorize your visitors (guests) and vendors into University Park! By now, you should have received a "Welcome to dwellingLIVE" email which comes directly from [noreply@dwellinglive.com](mailto:noreply@dwellinglive.com) which would have provided you with your username (which is the primary email address you provided to Park Boulevard Management ("PBM")) as well as a temporary password entered by PBM upon set-up. If you did not receive this email, please contact our office via email or phone for further assistance: [pbm@upcai-fl.com](mailto:pbm@upcai-fl.com) or 941.355.3888, ext. 103.

Once you have your username and password, go to <https://community.dwellinglive.com/universitypark.aspx> to login and access your profile.

**Gate Access Call Authorization Phone Number:** (888) 994-4117 (please call from a phone number registered on your dwellingLIVE profile so the system will recognize from what address you are calling).

- This phone number works like a voicemail. When prompted, leave the name of your guest *or* the name of the company needing access into University Park along with the dates they need entry. This system is date sensitive, **not** time sensitive meaning the guest or vendor will be deleted from your guest list at midnight on the date(s) you provide in the voicemail.
- The voicemail is instantly sent to the gate attendant on duty who will listen to it and add the information to your guest list accordingly.

**Please note:** You cannot use this voicemail system to add permanent guests and vendors to your guest list. You can either do that yourself by logging-in to your dwellingLIVE profile or by contacting PBM, 941.355.3888, ext. 103.

## MY ACCOUNT

Under "My Account," you may edit the information for each "User" assigned to your property. "Users" are the lot owners or any persons living in the home who have authorization to approve the addition of guests and vendors to your property. Each property was set up by PBM with lot owners as the only users; if you have any additional users that need to be added to your profile, please submit this information to PBM via email, [pbm@upcai-fl.com](mailto:pbm@upcai-fl.com).

**NOTE:** Lot owners can only edit user information already listed on their profile. Any new users must be added by PBM.

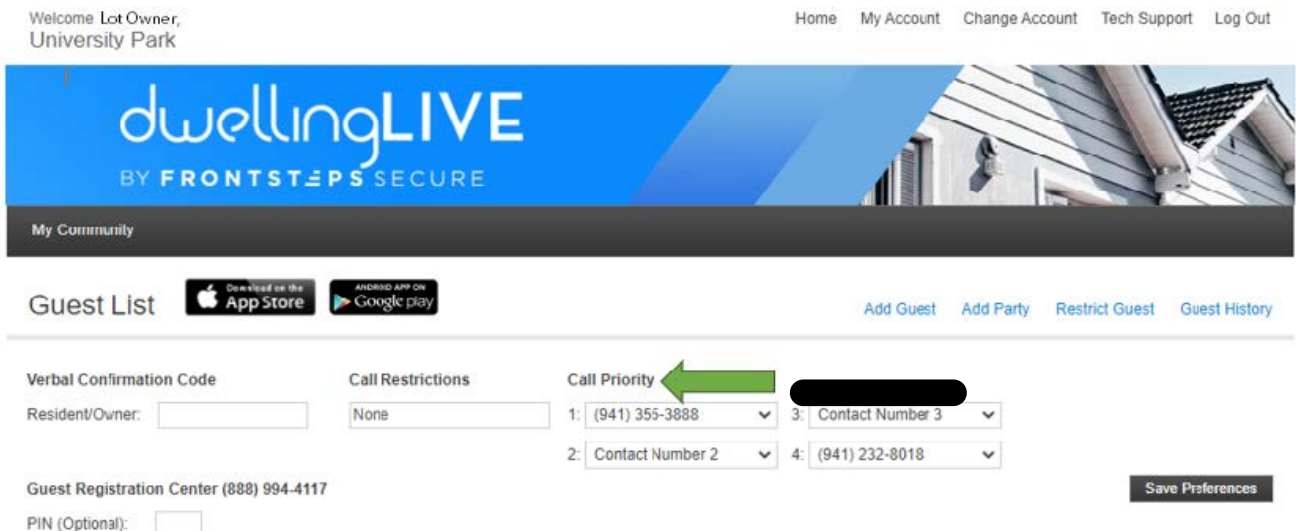

- Click "Edit" to set up the contact information for each user assigned to your profile.

## EDITING USER DETAILS

- Each user can set-up their own username & password and up to three contact numbers.
- You can also allocate up to four numbers on your "Call Priority" list (as shown in the screenshot below).
  - The "Call Priority" list is very important as this is the list our staff uses to contact you when necessary. Please list your phone numbers in order of preference.

## OTHER INFORMATION

- **Verbal Confirmation Code:** This is used by the gatehouse attendants to validate the identity of the person contacting the gate. Verbal confirmation codes are specific to each property.
- **Call Restrictions:** This is used to let the gatehouse staff know when to **NOT** contact the property about a guest.
